## When it comes to your health, you have options

Airline Retiree Benefit Plan now provides you with exclusive access to SpecialtyCare Connect®, a program that connects you and your family with the best possible healthcare specialist for your needs.

Don't trust your health to an online search or the advice of friends – let SpecialtyCare Connect get the best specialist for you.

## We find you the right doctor

SpecialtyCare Connect uses your diagnosis to identify physicians that have experience and expertise in treating your specific condition or injury.

We use cutting-edge data science backed by insights from our world-renowned Clinical Advisory Board to give you at least three physicians to consider.

We also verify insurance acceptance, appointment availability, current legal status and convenience of locations.
